Money on me
Everything you want, you know I got it
Cameras on me
Everywhere I go, you know they shot it
What it's gon' be
All up in my grill 'cause you know I'm talkin'
I'll make you feel any way that you wanted
Shinin' like diamonds 'cause you know I'm flawless!

Gucci, I got Prada
Balenciaga on my feet
Can't hear when you're talkin', all this money next to me
Is this the life that I'm livin'? I'm caught up in sinning
I think I need Someone to fill up these feelings...

What we gonna do, gonna do with all this money?
What we gonna do, gonna do with all this money?
Not a thing! Not a thing! Not a thing, no!
Not a thing! Not a thing! Not a thing!

Following me
Everywhere I go 'cause I'm so impressive
Who you wanna be?
Listen to my words 'cause I got the answers!
So crazy!
Everything I got that I never knew I wanted!
I can't stop, gotta keep it on top
It's harder than it looks to wake up this flawless!

Gucci, I got Prada
Balenciaga on my feet
Can't hear when you're talkin', all this money next to me
Is this the life that I'm livin'? I'm caught up in sinning
I think I need Someone to fill up these feelings, oh!

What we gonna do, gonna do with all this money?
What we gonna do, gonna do with all this money?
Not a thing! Not a thing! Not a thing, no!
Not a thing! Not a thing! Not a thing, no!
What we gonna do, gonna do with all this money?

What we gonna do, gonna do with all this money?
Not a thing! Not a thing! Not a thing, whoa, whoa, whoa, whoa, whoa, whoa!

Uh, so I got it, I flaunt it
All those years, yeah, we popped it
My team runnin' 'round, you can't top this, you can't top this
Yeah, the high life that I was livin' in
They say this cold world is really turning bad
HillaryJane Clinton, presidential tags, folks' top, all exclusive VIP package
Sin is the trend, I'm all in!
Chasing the win for the win, when
My conscience became conscious!
Got me feelin' like

What we gonna do, gonna do with all this money?
What we gonna do, gonna do with all this money?
Not a thing! Not a thing! Not a thing, no!
Not a thing! Not a thing! Not a thing, no!
What we gonna do with all this money?
What we gonna do with all this money?
Not a thing! Not a thing! Not a thing, no!
Not a thing! Not a thing! Not a thing, no!

Money on me
Hey!
Hey!
Hey!

What we gonna do, gonna do with all this money?
What we gonna do, gonna do with all this money?
Not a thing! Not a thing! Not a thing, no!
Not a thing! Not a thing! Not a thing, no...
