

# Jesus In Me

Carole Fredericks

Jesus in me, He lit the fire  
He lit the fire so I can see  
Jesus came to me, uncovered my desire  
Showed me the way it's supposed to be

You know he lit the fire  
He set me free  
You know he let the fire  
Showed me the way life's supposed to be

Jesus He's in me, He lit my fire in me  
He lit the fire so I can see  
Jesus brought to me holy water with his choir  
Showed me the way life's supposed to be

My travels bring me to some places  
Places never thought I would see  
And in the light of all God's faces  
Reminds me that He  
Reminds me that He's  
Reminds me that He's in me

Jesus in me  
So deep inside of me  
So deep inside of me  
So deep inside of me

Jesus here with me, lit up my fire  
Lit up my fire now I can see  
Jesus walks with me His spirit lifts me higher  
It lifts me higher to walk with Thee

You know He lit the fire  
He set me free  
You know He lit the fire  
Showed me the way life's supposed to be

Jesus in me He lit the fire  
He lit the fire now I can see  
Jesus came to me, uncovered my desire

Showed me the way it's supposed to be

My travels bring me to some places

Places never thought I would see

And in the light of all God's faces

Reminds me that He

Reminds me that He

Reminds me that He's

Reminds me that He's

Jesus in me

So deep inside of me

So deep inside of me

So deep inside of me
