Head

Angry Son

So sad the girl I had
Lost her head and it went so bad
Blue her two eyes they were dead
"Mirror mine and see", she said
One of these mornings
I don't know her
One of these mornings
I think I owe her
Once she signed a piece of my mind
Girlie scenes and gasoline
Porno pony she did ride
Forsaken long lost Limousine
I hear her talkin'
I like to hear her talkin'

See her walkin'
Like to watch watch her come walkin'
She lost it and
Man did it get bad
Lazy eyes were dead
"Mirror mine and see", she said
Once she drew a picture
Stuck it in my pocket
Find somewhere to reach her
'Cause she let me rock it
See her walkin'
I like to watch, watch her walkin', yeah
