

Touch the Sky

Hypnotic Brass Ensemble

Man, I run this rap shit
Get your hands up high, hands up high, hands up high
 Rest in peace to Biggie Smalls
Get your hands up high, hands up high, hands up high
 R.I.P. to 2Pac
Get your hands up high, hands up high, hands up high
 Nigga, roll that good shit
Get your hands up high, hands up high, hands up high
You wan' dance, let's dance, nigga, I take you to the prom
 I'm armed, trey-pound in my palm, I'm calm, nigga
 My momma made a baby boy, the hood made a man
 My first 14 grams, took that and made a grand
 I do this, you knew this, I told you pussy
Your fate, your death day to fuckin?, come if you push me
 Have you like E.I. E.I., uh-oh after the four-four blow
 I get low, they say I go like a pro
 It's a wrap, and I'm ghost in the smoke like a roach
You've been clapped and in fact there's no comin? back from that
 I'm the last of my breed, no Henny, no weed
 Just my vest and my semi in the back of the Bentley
 Enage, a mirage, see I'm there, then I'm gone
 ?Cause my lawyers are strong and my money is long
 So when I'm right I'm right and when I'm wrong I'm right
 I hit your ass up right, nigga, it's nghty night
 Man, I run this rap shit
Get your hands up high, hands up high, hands up high
 Rest in peace to Biggie Smalls
Get your hands up high, hands up high, hands up high
 R.I.P. to 2Pac
Get your hands up high, hands up high, hands up high
 Nigga, roll that good shit
Get your hands up high, hands up high, hands up high
 Aiyyo, I'm higher than a pilot, man, I catch a body, man
 Beat the case, I lie on the polygram
 These O.G.'s talkin 'bout, back in the days
 I have a R.I.P. sign on your MySpace page
 I'm in your top 8, nigga, drop 8, nigga
 GCT Coupe, it's sour grape, nigga
 I'm a ape, nigga, a guerilla in the mist

I hold weight, nigga, my connect got bricks
I went gold, you went platinum, we still got the same cars
 Same house and still fuck the same broads
 Dreams of fuckin? an R 'n' B bitch
 Damn, you look good girl, but get your teeth fixed
 I'm the Teflon Don boy, I get busy
 Your next two songs, you do them shits with Pretty Ricky
 Seven-sixty, drive by light tint
 With two hoes in the whip lookin? like flint
 Man, I run this rap shit
 Get your hands up high, hands up high, hands up high
 Rest in peace to Biggie Smalls
 Get your hands up high, hands up high, hands up high
 R.I.P. to 2Pac
 Get your hands up high, hands up high, hands up high
 Nigga, roll that good shit
 Get your hands up high, hands up high, hands up high
