

You Are the One

Shiny Toy Guns

Black rose and a radio fire
It's so contagious
Is that something changing my mind
I'm gonna take what's evil Your cover melting inside
With wide eyes you tremble
Kissing over and over again
Your god knows his faithful I try to digest my pride
But passions grip I fear
When I climb into shallow vats of wine
I think I almost hear but it's not clear You are the one
You'll never be alone again
You're more than in my head
You're more You are the one
You'll never be alone again
You're more than in my head
You're more Spin faster shouting out loud
You can't steal what's paid for
Is that something hurting again
Murder son, she's painful You so believe your own lies
On my skin your fingers
Runaway until the last time
We're gonna lose forever When you try, don't try to say you won't
Try to crawl into my head
When you cry 'cause it's all built up inside
Your tears already said, already said You are the one
You'll never be alone again
You're more than in my head
You're more You are the one
You'll never be alone again
You're more than in my head
You're more You'll never be alone again You are the one
You'll never be alone again
You're more than in my head
You're more You are the one
You'll never be alone again
You're more than in my head
You're more Alone again
