

It's a Long Rocky Road

Johnny Horton

It's a long rocky road that has no turnin'
When the one you love proves untrue
You just sit home alone, by your telephone
Cryin' your heart out for someone some fool

It's a long rocky road that has no turnin'
Teardrops on my pillow tell me so
There's no use of me sayin' I Haven't been prayin'
For something I treasure, and know I cannot hold

Be faithful little darlin'
That's what I used to say
But you paid no attention
You just went on your way

Oh, It's a long rocky road that has no turnin'
This yernin' Dear I hold for you
There's no use of me sighin', No use of me cryin'
I'll travel alone cause I'm lost without you

It's a long rocky road that has no turnin'
Teardrops on my pillow tell me so
There's no use of me sayin' I Haven't been prayin'
For somethin' I treasure, and know I cannot hold

Be faithful little darlin'
That's what I used to say
But you paid no attention
You just went on your way

Oh, It's a long rocky road that has no turnin'
This yernin' Dear I hold for you
There's no use of me sighin', No use of me cryin'
I'll travel alone cause I'm lost without you
