Hungry for Love (Re-recorded 2010)

Bad Boys Blue

Tossin' and turnin'
There's a fever so deep inside
The fever is burnin'
And I'm lyin' awake at nightHow I want you to kiss
Want your body to move
And I want you to touch
Gonna break every ruleIt can't be wrong to be in love
It can't be wrong so don't say no
I have been waitin' for so long
So can't we do it now?Hungry for love
Voulez-vous coucher avec moi
In the heat of the night
Hungry for love
Voulez-vous coucher avec moi
Won't you stay by my side?Tell me that I am just your lovin' man
'Cause all I want is you
Would you like to spend the night with me?
Tell me that you do, 'cause I'm hungry for loveOver and over
My emotions are runnin' wild
Make me your lover
Let me take you back home tonightHow I want you to kiss
Want your body to move
And I want you to touch
Gonna break every ruleI can imagine how it feels
And we are lyin' skin to skin
Heaven is just one word away
So can't we do it now?Hungry for love
Voulez-vous coucher avec moi
In the heat of the night
Hungry for love
Voulez-vous coucher avec moi
Won't you stay by my side?Tell me that I am just your lovin' man
'Cause all I want is you
Would you like to spend the night with me?
Tell me that you do 'cause I'm hungry for loveHow I want you to kiss
Want your body to move
And I want you to touch
Girl, I'm gonna break the rulesIt can't be wrong to be in love
It can't be wrong so don't say no

I have been waitin' for so long
So can't we do it now?Hungry for love
Voulez-vous coucher avec moi
In the heat of the night
Hungry for love
Voulez-vous coucher avec moi
Won't you stay by my side?
