Time To Leave

The JB Conspiracy

Go ahead you wanna see it better
Everyday you wanna go go further
There is nothing nice around me lover
Nothing here to stand forEvery every everyday
You hold me tight, you hold me tight
Every every everyday
You hold me tight, you hold me tightI just dont want to let it go
I just dont want to let him know
I just dont want to let it goBye bye baby
Its time to leave (2x)
Bye bye baby
Its time to leave (2x)Go ahead it is hard to go go go through
I see the dark night but not you
Everything here is played out of time
Nothing seems to be mineEvery every everyday
You hold me tight, you hold me tight
Every every everyday
You hold me tight, you hold me tightI just dont want to let it go
I just dont want to let him know
I just dont want to let it goBye bye baby
Its time to leave (2x)
Bye bye baby
Its time to leave (2x)Ill find my way to walk away
Ill find my way to walk away
Every every everydayBye bye baby
Its time to leave (2x)
Bye bye baby
Its time to leave (2x)
