

# Kid Of 1000 Faces

## White Lion

Your mother slapped you when you were born  
??? ~ ~ for her circumstance  
Another letter and you're gone  
>From the word of time carries on  
Oh, no you will not continue that way  
Ancient feelings that I wrote  
Sitting through your inner self  
Do you feel you won't (????)  
(till the mindless act your friend performs)  
Say no, I won't let this stand in my way  
Just look at yourself and see

Chorus:

You're the kid of 1000 faces yeh yeah  
You're the kid of 1000 faces yeh yeah

Oh, it feels real good  
When something's said and understood  
Do you feel the awesome sun?  
That's why you ??? at the time you leave note  
Oh, no Do you ?? my existence away  
Just look at yourself and see

Chorus:

They tell us that we are wrong  
But (what's that) about you and me  
Are we too wild? Are we too young?  
Hey listen man, we don't give a damn  
Just look at yourself and see  
Just look at yourself  
Just look at yourself

Chorus

Repeat chorus

Run, Nah, nah, nah,

---
