A ? Of When

Living Colour

Where will we go?
Where will we go?
Where will we go?
How will we know?
Where can we hide?
Where can we hide?
Where can we hide?
From the inside
Where will we go?
Where will we go?
Where will we go?
How will we know?
Where can we hide?
Where can we hide?
Where can we hide?
From the inside
See, I don't have a clue
I don't have a clue
I don't have a clue
And neither do
See, I don't have a clue
I don't have a clue
I don't have a clue
And neither do you
Who will be next?
Who will it be?
Who will be next?
Will it be me?
Who will be next?
Who will it be?
Who will be next?
It won't be me
See, I don't have a clue
I don't have a clue
I don't have a clue
And neither do

See, I don't have a clue
I don't have a clue

I don't have a clue
And neither do you
Who do you love?
Who do you hate?
Who do you love?
Who's at the gate?
Who do you love?
Who do you hate?
Who do you love?
Who's at the gate?
Can it happen again?
Can it happen again?
Not a question of if
But a question of when
Can it happen again?
Can it happen again?
Not a question of if
But a question of when
See, I don't have a clue
I don't have a clue
I don't have a clue
And neither do
See, I don't have a clue
I don't have a clue
I don't have a clue
And neither do
See, I don't have a clue
I don't have a clue
I don't have a clue
And neither do
See, I don't have a clue
I don't have a clue
I don't have a clue
And neither do you
