

# Smoke and Mirrors

## The Magnetic Fields

Someone else's world goes by  
As my train runs through this night  
Someone else's rain comes down  
But no rain can touch me now  
Smoke and mirrors  
Special effects  
A little fear, a little sex  
That's all love is behind the tears  
Smoke and mirrors  
We were foolish, you and I  
But there's no reason to cry  
We put on a lovely show  
But that's all, I had to go  
Smoke and mirrors  
Special effects  
A little fear, a little sex  
That's all love is behind the tears  
Smoke and mirrors  
We were foolish, you and I  
But there's no reason to cry  
We put on a lovely show  
But that's all, I had to go  
I don't know the stations names  
I'll spend my life on this train  
Fume et miroirs  
Effets speciaux  
Un peu de peur  
Un peu de sexe  
Sous les lrmes  
L'amour n'est que sa  
De la fume et des miroirs
