

Silent Running

Orchestral Manoeuvres in the Dark

God only knows
This isn't Heaven
The promises made
He never keeps them
We're walking on air
Were taking our time
But God only knows
This isn't reason or rhyme
I've had this feeling
I don't believe in
It's happened before
I just reject it
We're walking on air
Were taking our time
But God only knows
This isn't reason or rhyme
These are the feelings
I know their outcome
It's useless pretending
I'd like to beat them
We're walking on air
Were taking our time
But God only knows
This isn't reason or rhyme
We're walking on air
Were taking our time, this time
But God only knows
This isn't reason or rhyme
We're walking on air
