

# The One You Need

Megan Rochell

[Intro] Three years is a long time  
You know there ain't really nobody out there  
That could do it like me  
You know your girl  
She's temporary

[Verse 1] I can't handle this  
I'm tired of hearin you talk about this chick  
How could she be actin so high sedity  
Tell her check herself cause I'm hotter that she  
Ever will be on things she can be  
And I knew you before she came through  
And I'm still cool, you know how I do  
To tell the truth you know I feel you  
You know that I'll ride with you

[Bridge] No, she can't do  
Half the things that I do  
She can't do

What I would do for you

[Hook] I can be the one you need  
I can be the one you need  
I can be the one you need  
I can be the one you need

[Verse 2] See the time is now  
For you to realize what's goin down  
Why put up with this when you know I would be  
More than happy to be with you for me to be  
Whatever it is I promise I'll be  
Whatever pleases you I'll do it times 2  
Takin her spot cause she has no clue  
Clownin her cause she was a fool  
You gotta know why I'm the truth  
Tell me  
Why settle for good  
You could live lavish  
She fool around stressing you out  
What's next?  
Skip all the dramatics  
No ghetto fab just break it down easy  
Simple as this

I'm the one you know you need to be with

I see it in your eyes  
Stop lookin foolish  
No one could love you with all of this  
And I'll prove it  
[Bridge][Hook]And oh  
No more holding on  
I gotta have all or nothing  
Tell her shop is closed so pack up and hit the door  
I don't care and I know it don't seem fair  
So then later she will find out  
You have always been my man  
And no one she can never  
[Fabolous]Girl quit playin, come on and climb in  
Whateva he do I do it times ten  
Whateva's on me I flood with diamonds  
Whateva I say they do like Simon  
That 151 Bacardi Limon  
We start kicking in with perfect timing  
You see what I'm in  
You hear the rhymin'  
But guess who it is though  
L to the Iz-O  
S to the Iz-O  
You put biz flow  
With enrizo  
Sound like a glizo  
That's what it should be  
I'm what they would be  
Only if they could be  
I'm in the good be  
Sittin' on black boys  
With the click clack toys  
Just for the jack boys  
Shorty got some audacity  
I'm into legs more than a thigh master be, sheaa!  
[Bridge][Hook][Bridge][Hook]
