

Can't Nobody Love You

Moody Blues

Can't nobody love you, baby, like I'm loving you right now
'Cause they don't know how to love you like I do
And can't nobody talk to you, babe, like I'm talking to you right now
I just don't know how to talk to you like I said I do, oh I'm gonna love you in the morning
I'm gonna love you through the night
And I won't stop loving you, baby
'Cause this way, everything's alright Can't nobody love you like I'm loving you right now?
They just don't know how to love you like I do
And, oh love, can't nobody kiss you, baby, like I'm kissing you right now
I just don't know how to kiss you like I said I do, oh And can't nobody, oh, can't nobody love you
Can't nobody squeeze you?
Can't nobody kiss you like I do?
I just don't know how to love you like I said I do Now some guys make eyes at you
But they don't do it all the time, Believe me,
I'd never do it, baby
But you know, no one's on my mind Can't nobody love you like I'm loving you right now?
'Cause they don't know how to love you like I do
Yeah, speak to me, children
Talk I'm gonna love you in the morning, baby
And I'm gonna love you through the night
I won't stop, I won't stop loving you, babe
Oh, till everything's alright Can't nobody love you, babe, like I'm loving you right now
'Cause they don't know how to love you
Don't know how to love you like I do
Oh baby, yeah, 'cause they don't know how
They don't know how to love you like I said I'll do, oh yeah
