

# Zombieland

## Nale

Accentuate the positive  
Destroy all the negatives  
Before the black mass media  
Get a hold of them Boy's been sniffing that frog powder  
Drinking that genius juice  
Shooting that monkey blood We're gonna stomp in Zombieland, devil beat in Zombieland  
We're gonna stomp that devil beat in Zombieland  
We're gonna stomp that devil beat in Zombieland Machines always do just what you tell them to do  
As long as you do what they say  
Machines gonna stomp that devil beat in Zombieland  
Machines gonna stomp that devil beat in Zombieland Look at that boy, he can't see nothing  
He can't hear nothing, just put him over there  
All the tides in Zombieland are to oblivion Sniffing that frog powder  
Blowing that Egyptian bone  
Settling like a fog We're gonna stomp in Zombieland, devil beat in Zombieland  
We're gonna stomp that devil beat down in Zombieland Speaking hieroglyphics with his pistol and his pills  
Phantom conjured to a dark mojo  
You want to know but you don't know  
You want to know but you don't know We're gonna stomp in Zombieland, devil beat in Zombieland  
We're gonna stomp that devil beat in Zombieland  
We're gonna stomp in Zombieland, devil beat in Zombieland  
We're gonna stomp that devil beat in Zombieland
