

Too Close (feat. Detour City)

[Wilkinson](#)

Oh oh you shout me down you left me here on the floor
I left my self wide open
And I shouldn't know Don't come too close I won't give away my heart
Don't come too close I won't give away my heart
Don't come too close I won't give away my heart
Don't come too close I won't give away my heart Don't come too close I won't give away my heart
Don't come too close I won't give away my heart
Don't come too close I won't give away my heart
Don't come too close I won't give away my heart Oh oh you shout me down you left me here on the floor
I left my self wide open,
And I shouldn't know Don't come too close I won't give away my heart
Don't come too close I won't give away my heart
Don't come too close I won't give away my heart
Don't come too close I won't give away my heart
