

# Armageddon (Remastered)

## Gamma Ray

Now all you sinners, this is the prophecy  
The revelation of your own destiny  
You had a dream once,  
a dream that you have sold  
And now my brothers,  
annihilation is foretold  
Will you remember ancient times,  
when we rode across the air,  
When the day of judgement comes  
And when your world is gonna blow  
Through your heart and take your soul  
In the twilight of the sun  
I believe there's no tomorrow  
when we all will sink in sorrow  
When the day of judgement finally comes  
It's the end of the world as we know it  
And it's only just begun  
The eyes of the world are closin' forever  
When the day of judgement will come  
Won't you help me now  
Now tell me mother earth  
oh, what went wrong  
In the heart of everyone  
Do you remember how it had begun  
In the desert in the twilight of the sun  
All dead and gone  
Can you heal me, I am not the only one  
Can you feel me, I don't want to be undone  
I'm everyone  
Save me from this living hell  
I don't want to know another tale  
Someone help me through this on the way  
Hear me now  
It's the end of the world as we know it  
And it's only just begun  
The eyes of the world are closin' forever  
When the day of judgement will come  
Won't you help me now  
All gods creation is finally dead and gone  
Our revelation, the day of judgement comes

Forevermore I stand alone  
The final fury has begun,  
when the day has come  
Guardians of the monsters of the earth  
Take our lives away  
and you forever will be cursed  
Keepers of the darkness in this world  
We will not surrender to the evil of your birth  
Hope will never die,  
And the clear blue sunny sky  
will ease the pain,  
Guardians of the monsters of the earth  
Lead us not into temptation  
Save us from the revelations  
I stand alone, I stand alone,  
I stand alone, Inside my head  
no one can hear, no one can hear,  
no one can hear, My little word  
Holy father, take me on your wings of love  
I wish that I could be forever free, oh yeah  
It's the end of the world as we know it  
And it's only just begun  
The eyes of the world are closin' forever  
When the day of judgement has ...  
End of the world as we know it  
And it's only just begun  
The eyes of the world are closin' forever  
When the day of judgement HAS come  
Won't you help me now  
Epilogue:  
Now all you sinners  
This is the prophecy  
the revelation of your own destiny  
Sleep well and dream on  
The dream that you have sold  
And now my brothers,  
this world is slowly getting cold
