

# Quicksand

Bridgit Mendler

Ohhh oh oh ohhh

You stick to me like glue, oh its true  
I can't get you off my brain  
When you came in the room, didn't know what to do  
Boy, I melted so fast it was a sweet rapida  
I sunk to the ground, you swept me off my feet and,

I'm fallin' in deeper, can't be safe,  
No way out, no way outta your quicksand  
Its up to my knees I can't escape,  
No way out, no way outta your quicksand  
But I can breathe underneath, oh o-oh  
Take your love, cover me oh o-oh  
Pull me down pull me down

After just that time,  
When my eyes get their fix  
I lost my mind now I find  
That I-I-I'm breathing it out  
I wanna see you again  
the way your looking and your,  
So stuck in my head I think I'm losin it  
ohh oh oh o-ohhh

I'm fallin' in deeper, can't be safe,  
No way out, no way outta your quicksand  
Its up to my knees I can't escape,  
No way out, no way outta your quicksand  
But I can breathe underneath, oh o-oh  
Take your love, cover me oh o-oh  
Pull me down pull me down

You are wonderful  
You've taken all of my heart  
yeah yeah  
It was so, wonderful don't let go  
Whooaaa ooohhh-oo-oo oooh-oo  
Ooohh ooh ooh oooh-oo

No way out no way out ohh-ohhh  
No way out no way outta your quicksand

I'm fallin' in deeper, can't be safe,  
No way out, no way outta your quicksand  
Its up to my knees I can't escape,  
No way out, no way out of your quicksand  
But I can breathe underneath, oh o-oh  
Take your love, cover me ohhohh  
Pull me down pull me down ohhohh

ooh-ohh oh
