If I Were You

The Matches

[Chorus:]
If I were you (if I were you)
If I were you
Ohhh, if I were you (if I were you)
If I were you babe, I'd be, I'd be thinking of me
If I were you (if I were you)
If I were you babe, I'd be, I'd be thinking of me

Always, thinking
Don't you feel nostalgic for our future?
When you'll look back and reminisce
Where you were when you heard me say

Always thinking
A little bit of mystery in your posture
A little bit of brash, little bit quiet
Not sure till you heard, you heard, you heard me say
Today, well you heard me say

[Chorus:]

After work I look by where you stand
Six stops past my block
Until now I never had enough no
To talk such big talk

If I were you (if I were you)
If I were you

Ohhhhhhhhh

[Chorus:]
