

# All Of Me

## Project 86

Been swallowing my debris  
Without a trace of dignity  
I'm living a fallacy and  
Been holding tight to all I can't keep  
One memory  
One memory  
This time's the last I'll second guess  
Your legacy  
Your legacy  
This time's the last I will forgetSo can't you take  
All of me  
All of me  
All of me?  
Once and for all  
Can't you take me?I recognize the causes  
Now I'm cutting all my losses  
Severing all the hindrance  
Shedding the viral skin of infection  
You'd never believe the wolf I became (this time)  
In moments of weakness and disarray (this time)  
But now they can try to beat it out of me (this time)  
I'm welcome to the challenge of emergencyOut of the halls of ruin  
The slow burn slow steady climb this time  
'Bout to reverse the movement  
And I'm quite sure you know just where I'm heading
