Want More

Derrick Morgan

[Chorus]
Everyday, every night
Every minute of the hour you want more
Everyday, every night
Every minute of the hour you want moreWhy you're so little, little
Why can't you satisfy
I'm not the only man
To pour out your distress on[Chorus]'Till you can come and go
Don't come around no more
I'm not the only man
To pour out your distress on[Chorus]Why you're so little little
Why can't you satisfy
I'm not the only man
To pour out your distress on[Chorus]Just can't get no more, oh no
You just can't get no more, no
You just can't get no more, oh no
You just can't get no more
