

# What Would It Take

[Jeff Lynne](#)

Remember what you told me  
That you would always be there  
If you change your mind now Oh, what would it take to save me?  
What would it take to save me now? Here comes another night  
And all the stars are shining  
Could I make it right? Woah, what would it take to save me?  
What would it take to save me now? Woah, what would it take?  
Woah, what would it take  
To save me? What would it take to save me?  
What would it take to save me now? Woah, what would it take?  
(What would it take to save me now?)  
Woah, what would it take  
(What would it take to save me now?)  
To save me? Of all the things I do  
And everywhere they take me  
You know what I go through Ooh, what would it take to save me?  
What would it take to save me now?  
What would it take to save me?  
What would it take to save me now?
