Summertime

Barenaked Ladies

Saving it up, savoring every ounce of sunlight
What comes to be gradually feels like overnight
So bundle up and hunker down
I'll see you on the other side, mercury falls
So how, how do we make it through the days?
How do we not cave in and bottom out?
Oh, you have to understand that soon enough
We'll wake up from such a daze
Thanks to all the many ways
We're all pushing through for summertime
We cover it up, we bottle it in
But that won't make it feel right
Topping it off, rubbing it in
There's always a big mess of white
So bundle up and hunker down
Here it comes again, just one more round
See you on the other side, mercury falls
So how, how do we make it through the days?
How do we not cave in and bottom out?
Well, you have to understand that soon enough
We'll wake up from such a daze
Thanks to all the many ways
We're all pushing through for summertime
Our love pushing through for summertime
How do we make it through the days?
How do we not cave in and bottom out?
Well, you have to understand that soon enough
We'll wake up from such a daze
Thanks to all the many ways
We're all pushing through for summertime
We're all pushing through for summertime
We're all pushing through for summertime
We're all pushing through for summertime
We're all pushing through for summertime
