

# Summertime

## Barenaked Ladies

Saving it up, savoring every ounce of sunlight  
What comes to be gradually feels like overnight  
So bundle up and hunker down  
I'll see you on the other side, mercury falls  
So how, how do we make it through the days?  
How do we not cave in and bottom out?  
Oh, you have to understand that soon enough  
We'll wake up from such a daze  
Thanks to all the many ways  
We're all pushing through for summertime  
We cover it up, we bottle it in  
But that won't make it feel right  
Topping it off, rubbing it in  
There's always a big mess of white  
So bundle up and hunker down  
Here it comes again, just one more round  
See you on the other side, mercury falls  
So how, how do we make it through the days?  
How do we not cave in and bottom out?  
Well, you have to understand that soon enough  
We'll wake up from such a daze  
Thanks to all the many ways  
We're all pushing through for summertime  
Our love pushing through for summertime  
How do we make it through the days?  
How do we not cave in and bottom out?  
Well, you have to understand that soon enough  
We'll wake up from such a daze  
Thanks to all the many ways  
We're all pushing through for summertime  
We're all pushing through for summertime  
We're all pushing through for summertime  
We're all pushing through for summertime  
We're all pushing through for summertime
