I Want You So Much

Ayenn

Verse 1

Why must you be so far away
why must you torment me so
when you know your heart
is no longer mine
I have craved for so long to be with you
although it has been so hard
to forget you
and the feel of your touch
against my skin
makes me want to be with you
makes me want to give you all
all that I possess
here I am
just for you
I'm ready to give you all you need
don't deny me, cause
I Want You So Much

Chorus

I don't want to live a life alone
I want one with you
baby can't you see it's you that I deserve
no doubt
I don't want to live my life without
without you
I want you so much
I Want You So Much

Verse 2

I can feel deep inside
you want me too
you're just too afraid to be
with someone like me
don't be
let it go
and give yourself to me

I can't take it anymore
give yourself to me, cause
I Want You So Much

Chorus

I don't want to live a life alone
I want one with you
baby can't you see it's you that I deserve
no doubt
I don't want to live my life without
without you
I want you so much
I Want You So Much

Bridge

Can't you see that I'm dying
can't you see that I'd do anything
to be by your side
to give you everything you need
cause I Want You So Much

Chorus

I don't want to live a life alone
I want one with you
baby can't you see it's you that I deserve
no doubt
I don't want to live my life without
without you
I want you so much
I Want You So Much
