The Sound Of Music

Joy Division

See my true reflection Cut off my own connections I can see life getting harderSo sad is this sensation Reverse the situation I can't see it getting betterI'll walk you through the heartbreak Show you all the outtakes I can't see it getting higherSystematically degraded Emotionally a scapegoat I can't see it getting betterPerverse and unrealistic Try to make it all stick I can't see it getting betterHollow now, I'm burned out All I need to break out I can't see life getting higherLove, life, makes you feel higher Love of life makes you feel higher Higher, higher, higher Higher, higher, higher Love of life makes you feel higher
