I Know Tonight

Night Ranger

I know what you want
And I know I want you too
And I know tonite I can make you go crazy
One two threeYou with a lonely heart
The lovely eyes
I've seen that very look before
In my younger roving days
I had a lonely heart
A lucky smile
The world was going just my way
And I had to cross the line
And I had to cross the lineCHORUS
I know what you want
I know I want you too
And I know tonite I can make you go crazyIt's a hard earned life
Accounts received
Can never compete with what paid away
I dream of my younger days
You with your wicked smile
The tangled hair
The skin all tan from the sun and the sand
I had to cross the line
And I had to cross the lineChorusThe way you lookin' your eyes
I can tell you got lines for me
No, not even tonight
You're gonna take me down lie for me
Don't you cry for me ohThe way you lookin' your eyes
I can tell you got lies for me
No, not even tonight
You're gonna take me down lie for me
Yeah yeahI know what you want
I know what you want
I know I want you too
I know I want you
I know tonite I can make you go crazy
(repeat variations to fade)
