

# Song Of The Century

## Green Day

Sing us a song of the century  
That's louder than bombs and eternity  
The era of static and contraband  
Leading us into the Promised Land Tell us a story that's by candlelight  
Waging a war and losing the fight They're playing the song of the century  
Panic and promise and prosperity  
Tell me a story into that good night  
Sing us a song for me
