

# Jack of Hearts

## Sarah Darling

Guess I saw it  
coming  
It still took me by  
surprise  
A different man, a  
different place  
but the same look in  
his eyes  
And he looks so good  
When he kisses so  
good  
And it feels so  
good  
But it's no good  
I'm a once burned, twice  
shy  
Woman with a jaded eye  
Who wants it all, and nothing less  
He's a big bright shining  
looking white knight  
Waiting with an ice cube  
in his chest
