All The Birds

Lou Rhodes

Been waiting for this song to come, and fall into my heart
Just when I thought I was undone, the end was just the startAnd all the birds in this blue sky begged before my aching eyesI stared before an open sea, and all I saw was blue
But there you were in front of me, and I melted into youAnd all the birds in this blue sky begged before my aching eyesOoh la la...An angel you appeared to me, when all seemed dead and gone
And I've rocked it heavily to turn around your sun
And all the birds in this blue sky begged,
And all the birds in this blue sky...
Before my aching eyes
La la la...
Ooh...
