

# Mighty Love

Sheila Nicholls

Advisory - the following lyrics contain explicit language:

in these times of packaged passions,  
and in these times of walking dead,  
feeble truths and shallow fashions,

Im always in my head.he came from out of nowhere  
he came from out the blue  
now my life has changed forever

I touch my lips to kiss youmighty loveand what was truly amazing was feeling so out of control,  
parts of me id never know float to the surface and I feel whole,

I could just breathe your breath and feel love for all the world, now how often does that shit really happen, how  
often to you really feel, mighty love.in these times of disconnection  
and in these times of exploited power,  
you inspire my resurrection  
now im rewired to fruit to flowermighty love
