

# Overthrown

## Deathraid

We fall  
Through water  
Unsung unseen  
And days  
Thought endless  
Lose more  
Light and heat So let the dead bury the dead  
I should leave For I am  
For I am overthrown  
Confess to me now  
Confess to me now Half in sunlight  
And half in shade  
Words in collision  
I bend to your shape  
I see the skull beneath the skin  
I see it all For I am  
For I am overthrown  
Confess to me now  
Confess to me now For I am  
For I am overthrown  
Confess to me now  
Confess to me now  
Confess to me now
