

# Hope You're Behaving (Interlude)

[Cassie](#)

Record your message after the tone  
Hey, whats up? It's me, um  
I just finished a photo shoot  
I'm getting ready to go record, but um  
I just wanted to check up on you and see how you were  
You're not home, you know  
Hope you're behaving yourself  
Alright, well, I miss you  
I'll talk to you later
