

God @ Work (feat. Destin Monet Haddon)

Deitrick Haddon

Deitrick Haddon: Oh Lord

All God's people x4

Deitrick Haddon: Put your hands in the air

Wave them in the air

Deitrick Haddon: Oh Lord

Deitrick Haddon: Its G-O-D that I know Deitrick Haddon: Some People say I don't deserve it,

And I reply I must agree,

One thing I know is I have purpose,

While people talk, God keeps blessing me

It's God at work

Deitrick Haddon: He's working

Work

Deitrick Haddon: He's working

It's nothing to do with me,

I know that you can see.

Its God at work, work

Deitrick: He's working

work, work

Sometimes it's hard to believe, but God keeps blessing me. It's God at work

Deitrick Haddon: When a door opens, it seems like one door closes,

He must've seen like a different Moses (yeah),

And every time someone decides to judge me (oooh),

He turns around and wants to thank me

Deitrick Haddon: It's God

God at work

Deitrick Haddon: My God he is working

Work

Deitrick Haddon: Yeah

It has nothing to do with me, (nothing to do with me); I know that you can see

God at work, work (he's working) work, work (still working)

it's hard to believe, but God keeps blessing me.

It's God at work Deitrick Haddon: I know, I know if it wasn't for my savior, I wouldn't have to do a whole lot of labor,

They say, they say, that favor isn't fair, that's why I love working for my savior,

He got my back through the good and the bad,

Jesus is the best friend I ever had,

And you should know him (know him), he's amazing(amazing)

God at work (yeah) (God) (is working for me)

God at work (oooh) (oooh)

God at work (ooh) (god is working for me)
God at work (yeah) (ooh) (ooh)
God at work (ooh) (I work for him, he work for me)
God at work (ooh) (ooooh)
