

# Queen In The Black

## Stevie Wonder

Excuse me please your majesty  
I chance this moment nervously  
To share with you a fantasy  
That I have lived inside of meAnd it is so pretty  
And it is so fine  
Its the kind you'd love to last you  
Until the end of timeWe've talked of love, we've talked of life  
And what would make the world so nice  
We've walked the sand by lover's sea  
I've held your body close to meAnd it is so pretty  
How I'd love to know  
For if I had a chance to hold you  
I'd never let you goYou're my queen in the black  
With your time-stopping body  
Queen in the black  
With your eyes that hypnotize, girl  
Queen in the black  
With your voice that's sweet as candy  
Queen in the black  
Miss ebony, you really turn me onThere's not a day that passes by  
That I don't have you on my mind  
If this ain't love I have inside  
Then my heart's telling me a lie  
Cause it feels so special  
And it feels so right  
And if I could I know I'd love you  
For the rest of my lifeYou're my queen in the black  
With your time-stopping body  
Queen in the black  
With your eyes that hypnotize, girl  
Queen in the black  
With your voice that's sweet as candy  
Queen in the black  
With your soft and sexy lips, babe  
Queen in the black  
I love the way you move your bodyQueen in the black  
You know you are nothing less than royalty  
Queen in the black  
Oh, I'll place you on a throne, girl

Queen in the black  
Miss ebony, you really turn me on  
    Queen in the black  
    With your time-stopping body  
    Queen in the black  
    With your eyes that hypnotize, girl  
    Queen in the black  
    With your voice that's sweet as candy  
    Queen in the black  
    With your valentine smile, girl  
    Queen in the black  
    With your soft and sexy lips, babe  
    Queen in the black  
    Love the way you move your body  
    Queen in the black  
    You know you are nothing less than royalty  
    Queen in the black  
    You know I'll place you on a throne, girl  
    Queen in the black  
    Miss ebony, you really turn me on  
    Queen in the black  
    Miss ebony, you really turn me on  
    Queen in the black  
    Miss ebony, you really turn me on  
    Queen in the black  
    With your valentine smile, girl  
    Queen in the black  
    With your soft and sexy lips, babe  
    Queen in the black  
    Love the way you move your body  
    Queen in the black  
    You know you are nothing less than royalty  
    Queen in the black  
    You know I'll place you on a throne, girl  
    Queen in the black  
    Miss ebony, you really turn me on  
    Queen in the black  
    Miss ebony, you really turn me on  
    Queen in the black  
    Queen in the black  
    Queen in the black  
    Queen in the black, queen in the black  
    Queen in the black, now  
    Queen in the black  
    You know what I'm talking about, yeah, yeahQueen in the black

Uh, uh, uh, uh, uh, uh  
Queen in the black  
With your time-stopping body  
Queen in the black  
With your eyes that hypnotize, girl
