

Queen In The Black

Stevie Wonder

Excuse me please your majesty
I chance this moment nervously
To share with you a fantasy
That I have lived inside of me And it is so pretty
And it is so fine
Its the kind you'd love to last you
Until the end of time We've talked of love, we've talked of life
And what would make the world so nice
We've walked the sand by lover's sea
I've held your body close to me And it is so pretty
How I'd love to know
For if I had a chance to hold you
I'd never let you go You're my queen in the black
With your time-stopping body
Queen in the black
With your eyes that hypnotize, girl
Queen in the black
With your voice that's sweet as candy
Queen in the black
Miss ebony, you really turn me on There's not a day that passes by
That I don't have you on my mind
If this ain't love I have inside
Then my heart's telling me a lie
Cause it feels so special
And it feels so right
And if I could I know I'd love you
For the rest of my life You're my queen in the black
With your time-stopping body
Queen in the black
With your eyes that hypnotize, girl
Queen in the black
With your voice that's sweet as candy
Queen in the black
With your soft and sexy lips, babe
Queen in the black
I love the way you move your body Queen in the black
You know you are nothing less than royalty
Queen in the black
Oh, I'll place you on a throne, girl

Queen in the black
Miss ebony, you really turn me on
Queen in the black
With your time-stopping body
Queen in the black
With your eyes that hypnotize, girl
Queen in the black
With your voice that's sweet as candy
Queen in the black
With your valentine smile, girl
Queen in the black
With your soft and sexy lips, babe
Queen in the black
Love the way you move your body
Queen in the black
You know you are nothing less than royalty
Queen in the black
You know I'll place you on a throne, girl
Queen in the black
Miss ebony, you really turn me on
Queen in the black
Miss ebony, you really turn me on
Queen in the black
Miss ebony, you really turn me on
Queen in the black
With your valentine smile, girl
Queen in the black
With your soft and sexy lips, babe
Queen in the black
Love the way you move your body
Queen in the black
You know you are nothing less than royalty
Queen in the black
You know I'll place you on a throne, girl
Queen in the black
Miss ebony, you really turn me on
Queen in the black
Miss ebony, you really turn me on
Queen in the black
Queen in the black
Queen in the black
Queen in the black
Queen in the black, queen in the black
Queen in the black, now
Queen in the black
You know what I'm talking about, yeah, yeah Queen in the black

Uh, uh, uh, uh, uh, uh
Queen in the black
With your time-stopping body
Queen in the black
With your eyes that hypnotize, girl
Queen in the black
Yeaow
