Show Me Love

Curtis Mayfield

Thereâ€™s a girl living behind the corner
I got to meet her and Iâ€™m gonna
Daddy wanna be your man
Try to fit me in your plans

Iâ€™m on you like a glove
I guess thatâ€™s a sign of love
No other woman now can mean a thing
Baby let me show you what the love would bring

Baby, show me love, show me love
Baby, show me love, show me love

When meeting you looked so cool
Donâ€™t even know if I can rap that smooth
I got it and I got it bad
Itâ€™s a feeling that I never had

Through the weather, winter rain or snow
It will never never be too cold
Iâ€™m whining baby on my knees
Baby, baby if you please

Let daddy love you crazy
With a whole lot of sugar gravy
No other woman now can mean a thing
Let me show you babe, let me show you babe
