

# Darkest Place

## Woman's Hour

Sometimes I push you to the night  
To the darkest place, the only time we meet  
But I won't need to hurt for crucify  
But most of the time these are the thoughts I keep  
Keep you. Wherever I look, you're always there  
I close my eyes and it seem the worst  
You have around, I'ma close .  
And I can't even tell you how much it hurts, it hurts, it hurts.  
Sometimes I push you to the night  
To the darkest place, the only time we meet  
But I won't need to hurt for crucify  
But most of the time these are the thoughts I keep  
Keep you. However I ask the answer's still's the same  
You cut me loose because I let you down  
Still for the first second of every day  
I don't understand why you're not around  
I don't understand why you're not around  
I don't understand why you're not around  
I couldn't face you I can see that now  
If I getting up left you inside  
It's know have your eyes, but you steel drown  
You left it down, uuh, down, uuh. Uuh, uuh, uuh, uuhh
