

We're Not Supposed To

Supergrass

We're not supposed to
Make friends with you
Because you look so lonely
So we're going to
Make friends with you
We're not supposed to
Talk to you
Because we know you're stranger
But you're no stranger
Than me or you
Than me or you But everybody's going away
And everybody wants us to stay
And everybody's coming to stay
And everybody's wants us to stay
We're not suppose to
Make love to you
Because we know you're younger
But you're no younger
Than me or you
Than me or you
Than me or you
