

I Pray On Christmas

[Harry Connick, Jr.](#)

I pray on Christmas
That the Lord will see me through
I pray on Christmas
He'll show me what to do I pray on Christmas
He'll help me understand
And I pray on Christmas
He'll take me by the hand I pray on Christmas
That the sick will soon be strong
I pray on Christmas
The lord will hear my song I pray on Christmas
That God will lead the way
And I pray on Christmas
He'll get me through another day I pray on Christmas
I pray on Christmas
I pray on Christmas
He'll get me through another day I pray on Christmas
All our problems gonna be worked out
I pray on Christmas
God'll show us what love's about I pray on Christmas
To do your will each day
And I pray on Christmas
That I'll be with you in heaven some day I pray on Christmas
Oh, the sick will soon be strong
I pray on Christmas
The lord will hear my song I pray on Christmas
That God will lead the way
And I pray I really pray on Christmas
He'll get me through another day
He'll get me through another day...
