

Epic

We Are Leo

Tonight is our Ours
Lets shine out brighter
Brighter than the Stars Oh Oh Oh Oh
We gonna rock rock rock right now

Weâ€™re Feeling good,
We gotta rock this like we know we should
Straight from our front door to your neighborhood Oh Oh Oh Oh
We gonna rock rock rock right now

Tonight is gonna be Epic
feels like roller coaster
Tonight is gonna be Epic
Now that our hearts are closer
Tonight is gonna Be Epic
Turn up the music cause were living for Love
I'm feeling good, I wanna see them
And when (i feel) our hearts sync to the beat
There ain't no other place that I'd rather be

Keep it rockinâ€™ till the floor shakes
Bass drop like an earthquake
Then throw it back back to the 80â€™s like a mixtape
So lets go, Oh Oh Oh Oh
We gonna rock rock rock right now

Electric
Canâ€™t stop this
So Epic
Big Like Texas
We the new kids
We got next
Canâ€™t wreck this
Tonightâ€™s so epic
