All the Rage

G Tom Mac

You used to be so underground now
You?re way all over town look at what you swore you?d never become.
Where?s that independent girl in the paparazzi world come on
Remember where you come from ? yeah yeah

Now someone gets you out of bed
Try to remember what they said as they want you to be dark yet young
As you question what it is & there?s every bodies kiss
That tells you darling you are number one.

Where are your blind boy lovers &
All the others that party on & on & on
Don?t you get too pop & forget me not
Cos it?s all a whirl & tainted world.

When you?re all the rage
Little underground queen you got just the thing
Making it on the front page
Go on die before your time be immortalized.

You used to be so underground now
You?re way all over town look at what you swore you?d never become.
Where?s that independent girl in the paparazzi world
Come on remember where you come from ? hey hey

Aint it crazy now that you?re a star
In the right place on your wild chase

Now you?re on all the covers &
Goth pose lovers that party on & on & on
Don?t you get too pop & forget me not
Cos it?s all insane & you?re the game.

When you?re all the rage
Little underground queen you got just the thing
Making it on the front page
Go on die before your time be immortalized.

Cos you?re all the rage
Little underground queen you got just the thing

Making it on the front page
Go on die before your time be immortalized.

Remember where you come from
Remember where you come from

All the rage yeah yeah
Making it on the front page
Go on die before your time be immortalized.

Cos you?re all the rage
Little underground queen you got just the thing.
