Risk It All

The Vamps

What would I do
Without the joy you bring me
What would I be
Without the love you give so freely
I'd risk it all for you
There's nothing I won't do
I could search for two lifetimes an' never find
One who captures my heart
Brings me new life
Then came you
My weary heart has been renewed
The secrets of life have now been revealed
The source of strength for me is in your smile, so real
My life depends on you
You make all my dark days, so blue
Tell me
What would I do
Without the joy you bring me
What would I be
Without the love you give so freely
I'd risk it all for you
There's nothing I won't do
I try an' memorize the many faces that you make
Believing in my heart
That I will get to spend my days
Loving you and all
And all the simple things that you do
You cling to me and I desperately rely on you
It's like love's first kiss
You never get enough of it
When hope is too far out of reach
You're the keeper of all my dreams
Tell me, baby
What would I do
Without the joy you bring me
What would I be without
The love you give so freely
I'd risk it all for you
There's nothing I won't do

It's so amazing, there's no comparing
This love is like nothing that I've ever known
Keep me at a loss for words
Oh, my heart still yearns
Baby, I have to have you
Oh, I need you more and more
What would I do
Without the joy you bring me
What would I be
Without the love you give so freely
I'd risk it all for you
There's nothing I won't do
So I will give you all of my heart
And that's just the start, baby
And there's nothing I'll withhold from you
Forever more, you're all baby
There's nothing more, you're my heart and soul
Than you, you're all that I adore
What would I do
Without the joy you bring me
What would I be
Without the love you give so freely
I'd risk it all for you
There's nothing I won't do
What would I do
Without the joy you bring me
What would I be
Without the love you give so freely
I'd risk it all for you
There's nothing I won't do
What would I do
Without the joy you bring me
What would I be
Without the love you give so freely
I'd risk it all for you
There's nothing I won't do
