

# 2000 Miles

## Mest

Did I miss your call again?  
No, you never called  
It was a thought inside my head Did I take the fall again?  
I shoulda payed attention  
To all the words you said 'Cause I lost today  
I'm not okay  
Heartbreak, a fake smile  
And 2000 miles I check my caller id  
Now there's every number  
But the one  
I want to see I've been falling apart  
Since you been gone  
I don't know  
Where I need to start 'Cause I lost today  
I'm not okay  
Heartbreak, a fake smile  
And 2000 miles Away she is  
I can't live like this  
Heartbreak, a fake smile  
And 2000 miles  
Heartbreak, a fake smile  
And 2000 miles If I told you that I love you  
Would it matter at all?  
If I told you that I need you  
Would you catch me if I fall? Fall 'Cause I lost today  
I'm not okay  
Heartbreak, a fake smile  
And 2000 miles Away she is  
I can't live like this  
Heartbreak, a fake smile  
And 2000 miles  
Heartbreak, a fake smile  
And 2000 miles
