

Surrender To Reason

Dream Theater

In moments of pain
Where heart and mind collide
Self reflection helps me decide
I believe the sacrifices in life
Give more than they take Visions flowing slowly shedding light
Memories swimming in the sea of time
Pieces to the puzzle falling into place
That with which we struggle through we've learned to embrace Love show the way, alter my state of mind
Wash away the sorrow
Grace lead the way
When boundaries are found
Surrender to reason Life gives you brighter days
Through sacrifices made
My spirit travels like the wind and waves
My heart and mind unite
Mistakes resolved give sight
The river's currents slowly turns the stone Restless angels
Help me find my way
Restless angels
Help me find my strength Restless angels
Help me find my way
Restless angels
Let love show the way
Let grace be the way
Surrender to reason
