

# Call It What You Want

## New Kids On the Block

Call it what you want I can tell you've been watchin' me  
Girl, I've been watchin' you too  
I got the feelin' you want my love  
I must admit, I want your love too Call it what you want, baby, girl, I call it love  
Call it what you want, darlin', I'll still call it love You know there's somethin' about you, girl  
What it is just can't, hard to say  
I only wish we could get away  
Give me love, and I'll lead the way Call it what you want, baby, girl, I call it love  
Call it what you want, darlin', I'll still call it love It's so groovy, just to be with you  
It's so movin', just to dance  
Or anything that you wanna do I can feel it, I can feel it, I can feel it  
I can feel that love, girl It's so groovy, just to be with you  
It's so movin', just to dance  
Or anything that you wanna do Call it what you want, I'll still call it love  
Call it anything that you want to, girl, I'll still call it love  
You can call it this, you can call it that  
You can call it anything, girl Call it what you want, baby, girl, I'll call it love  
Call it what you want, darlin', I'll still call it love  
Call it what you want, baby, girl, I'll call it love
