Run With The Wolves

Prodigy

What are you gonna do when the hounds are calling?
What are you gonna do when the hounds are calling?
You're a muck that's why I had to cut you down
You run with the wolves while I hunt like a hound
You're a muck that's why I had to cut you down
You run with the wolves, shout it out loud
You're a muck that's why I had to cut you down
You run with the wolves while I hunt like a hound
You're a muck that's why I had to cut you down
You run with the wolves, shout it out loud
You run, you run with the wolves
You run with the wolves
You're a muck, that's why I had to cut you down
You run with the wolves while I hunt like a hound
You're a muck, that's why I had to cut you down
You run with the wolves, shout it out loud
You're a muck that's why I had to cut you down

You run with the wolves while I hunt like a hound
You're a muck that's why I had to cut you down
You run with the wolves, shout it out loud
What are you gonna do when the hounds are calling?
What are you gonna do when the hounds are calling?
What are you gonna do when the hounds are calling?
What are you gonna do?
You're a muck that's why I had to cut you down
You run with the wolves while I hunt like a hound
You're a muck that's why I had to cut you down
You run with the wolves, shout it out loud
You run, you run with the wolves
You run, you run with the wolves
You run with the wolves
You run with the wolves
You run with the wolves
You run
