

Overflow (feat. Vanessa Briggs)

Haujobb

I can hear it coming,
I know its on its way.
When it starts to overflow
I fall asleep again.And the way I am talking
Staring at me its here.
Then you start to overflow
I will again.Do you feel it blowing?
Do you feel its here?
Anywhere I'm going
Its near.I can see it coming,
On the faces that you wear.
Until they start to overflow
I've given all I can.
Do you feel it blowing?
Do you feel its here?
Anywhere im going
Its near.
