

Crazy Love

Cherry Monroe

You are sweet like honey
But you cut me like a knife
This bittersweet poison ain't healthy
And I feel like I'm dying, I'm dying Hey, it's a shame
To see you cry with weeping eyes
The pain in letting go
My crazy love has done me wrong Well, I guess we had our doubts
My shooting star in the sky
I miss you, I want you, I need you now
My love for you will never die, never Hey, it's a shame
To see you cry with weeping eyes
The pain in letting go
My crazy love has done me wrong
And I said Hey, it's a shame
To see you cry with weeping eyes
The pain in letting go
My crazy love has done me wrong My crazy love has done me wrong
My crazy love
My crazy love
My crazy love
