

Voodoo

Vundabar

Dance on where we're trapped
Boy don't step on cracks
Or you will break your mother's pact
Boy don't step on cra-acks

Oh, I wanna be your Boy
O-Oh, black Magic toy
Boy, I wanna be your Girl
Boy, black Magic world

Papa, you broke another men
Another glasses broke
The emergence's clear
So you better watch your men
Don't you cross a black cat

Oh, I wanna be your Boy
O-Oh, black Magic toy
Boy, I wanna be your Girl
Boy, black Magic world

Oh they call it the great cut Shuffle (?)
The Devil stands and made no struggle
And you find yourself between the two
Can't ask more bag bones what to do

Oh, I wanna be your Boy
O-Oh, black Magic toy
Boy, I wanna be your Girl
Boy, black Magic world

Oh, I wanna be your boy
O-Oh, black Magic toy
Boy, I wanna be your girl
O-Oh, in a pitch black world

(I'm sure that some lines and words are not right... But I tried my best ;))
